

Terms & Conditions

General

This website (www.communitybankga.com and all sub-domains) has been established by Community Bank of Georgia (Bank) for the sole purpose of conveying information about the Bank, the Bank's products and the Bank's services and to allow interaction and communication between the Bank, its customers and prospective customers. Information that appears on this website should be considered an advertisement. Nothing contained in any page on this site takes the place of the bank's agreements, disclosures or any other documents that govern the Bank's products and services. If any information on the site conflicts with that in the bank's agreements and disclosures, the agreements and disclosures will supersede the website.

From time to time the Bank may place links to other websites or resources on this site. The Bank has no control over any other website and is not responsible for the content on any site other than the Bank's website. Users assume all responsibility when they visit other sites via the links included in the Bank's website.

(i) The bank does not endorse or guarantee the products, information, or recommendations provided by Third Party Sites;

(ii) The bank is not liable for any failure of the products or services advertised on or provided by any Third Party Site; and

The information and materials contained in this website are owned by the Bank or by others, as applicable. No material may be copied, displayed, transmitted, distributed, framed, sold, stored for use, downloaded, or otherwise reproduced except as permitted by law.

Cookies

Our Online Banking system may use cookies to collect information for security purposes and for customization and personalization of your Online Banking experience. Under no circumstances does Community Bank of Georgia use cookies to store your password. We use cookies for a number of administrative purposes, for example, to store your preferences for certain kinds of information, or to help the website load faster with cached images. Most cookies last only through a single session, or visit. The information that is stored is extremely small and should not noticeably affect either your systems storage capacity, or its performance.
